

AUDIOVISUAL POLICY

At different times during our programming, Royal City Cooperative Preschool teachers will utilize various forms audio visual material and computers to enhance the learning of students in the program.

DVD/Video Use

- DVDs are used in the AM and PM Preschool classes three times yearly (Winter Fun Day and Pyjama Day and Bike Day)
- DVD movies are selected for their theme and age appropriateness.
- Parents are notified of impending DVD use via the monthly calendar. DVD usage is listed on the intended day. This enables parents to make decisions regarding whether their child should attend, as well as voice any concerns to the teachers well in advance.

CD/Audiotape Use

1. Music is occasionally played via CD player during the class time to enhance learning. This is sometimes for all those the children to hear or sometimes there is a music listening centre set up with head phones for the children to enjoy.
